SUN BEAMS

by WALTER M. BARRETT

During the past two or three years the Truckee and Lake Tahoe district has received more fish, planted by the state in the conservation program, than any other similar area in California and this year will have approximately twice as many as usual. This cleary demonstrates that by showing a willingness to cooperate with the state fish and game commission, the latter will go more than half way in assisting the district. Our fight against law violators, sponsorship of the Junior Fish and Game Patrol and other gestures by local interests are showing results. We need only to keep up the fight to assure a safe future for the district.

Those of us who knew John Scappinello knew him as a good citizen and a good sport, fully deserving the friendship of the scores who regret his untimely death.

The marked entusiasm of the Truckee Outing Club leaves little doubt that Truckee will have a winter sports program this year which will at least be a long step on the "come back" trail. Members are working hard and enlisting every bit of cooperation possible with a united aim for returning Truckee to its rightful postition at the top of the snow sports ladder. If you haven't contributed by becoming a member, you can help materially by joining now.

The Sierra Sun readily endorses U. S. Senator Hiram Johnson and his stand on foreign affairs. It is an excellent stand, taken on the basis of long association with our nation's affairs. Nothing radical or hysterical about his candicay can be detected. The fine hand of experience and the temperance of age is noted in the senator's statements. With such men as Senator Johnson in Washington, the danger of our entrance into the war abroad is less threatening than it would be otherwise. California has it in her power to give the nation added security that no other state can give. California can—and will—return Hiram W. Johnson to the United States Senate as her greatest contribution to our nation's defenses.

FORMER HOBART GIRL WEDDED TO S. F. MAN

Mrs. Hannah Stewart and daughter, Ida, attended the wedding of Miss Bernice Thomas of San Francisco and Marvin Neader, credit man for the International Harvester Company, also of San Fancisco. The ceremony was performed in the Methodist Church in Lodi on Saturday by the Rev. Hamilton.

Mrs. Neader was born at Hobart Mills and is the daughter of Mr. and Mrs. W. J. Thomas, for many years residents at the old lumbering town.

PALO ALTAN HELD IN FATAL LAKE MISHAP

PLACERVILLE, Aug. 8—Ralph McElyea, 38, Palo Alto merchant, was being held here this week when Sheriff George M. Smith and District Attorney H. S. Lyon made further investigation of the traffic accident in which Enos Streadback, 53, Al Tahoe employe was fatally injured.

Smith said McElyea's car struck Streadback Friday near Al Tahoe as the victim was riding his bicycle, carried him for 100 feet and sheered off two trees.

McElyea was charged with reckless driving with an injury involved and released the following night on $1,000 bail. He was re-arrested Tuesday following Streadback's death. The sheriff reported the Palo Alto man had been cited for speeding 55 miles an hour in a slow zone a short time before the fatal mishap.

PYTHIAN SISTERS TO HOLD MEET TONIGHT

The Pythian Sisters, Summit Temple No. 79, will hold their regular meeting at the Odd Fellows hall this evening.

Mrs. Lee Garner of Tahoe City and Mrs. Charles Heller of Meeks Bay wil be in charge of the evening's entertainment and will also serve refreshments following the close of the business session.

Mrs. Heller, who is district deputy grand chief, conducted the school of instruction for officers and the team of the Pythian order here last Thursday. The preceding week, Mrs. Garner was elected to the post of Mistress of Records and Correspondence.

Another 500,000 Trout Planted In This Region

Augments Thousands Already Planted by State This Year

MORE TO BE RAISED

Coopration of State Shown In Activities In This Area

Augmenting the thousands of trout fry already planted this year in the streams and lakes of this region, 500,000 additional are being placed in the Truckee River and Lake Tahoe this week. J. C. Lewis, in charge of the state hatcheries at Lake Tahoe announced.

The rainbow, averaging 20 to the ounce or about three and a half inches in length, are from the Mt. Shasta hatchery and are being stored at the Bear Valley Planting Base.

The planting is being done under the direction of Lewis and M. O. Talbott.

The half million now going into the river and lake will not include the 200,000 being reserved for raising in the flycasting club's tanks, nor the thousands of Loch Leven to be planted from the Tahoe hatcheries.

This district this year is receiving about twice the usual number and the fish are nearly twice the usual size, Lewis said in pointing out the work being done by the state fish and game commission to bring the streams back to normal.

TRUCKEE PROVIDES FUNDS FOR COUNTY

The following monies were received by County Treasurer Frank Steel in the month of July:

From C. E. Smith, $428.50 in justice court fees and fines; Hildebrand Circus at Truckee, $55 license fee; Walter A. Carlson, $2.82, retirement fund refund to Truckee elementary school district.

Total receipts for the month of July, 1940, $53,805.36; total expenditures, $62,488.02.

TOM OLIVER HEADS ROTARY CONCLAVE

Tom K. Oliver, former resident of Hobart Mills, was in charge of the program during the district convention of the Rotary International held at Susanville early this week.

Presidents and secretaries of 48 clubs in northern California were present.

STREAMLINER PILOT RETIRES FROM S. P.

G. Fred Gray of Sacramento, who has been 48 years in the service of the Southern Pacific, made his last run as engineer of the streamliner City of San Francisco to the Oakland pier on July 31. He is well known in Truckee where he stopped many times.

Gray has reached the retirement age of 65. He has been the No. 1 engineer on the seniority list for the Sacramento division.

In 1892 his railroad career started as an employe of the airbrake depatment of the Sacamento shops. In the spring of the next year he became a locomotive fireman. He was promoted to engineer in 1898.

His run was from Oakland to Sparks, hence he was not on the streamliner when it crashed near Carlin, Nev., a year ago.

Gray wears the 40-year badge presented to him by the Brotherhood of Locomotive Engineers of which he has been a member since 1899. He was secretary of the Sacramento division of the brotherhood for many years.

Hunting and baseball, the railroader's main hobbies, will occupy most of his time now.

TWO FINED IN FOREST FIRE LAW VIOLATIONS

W. H. Picard of Oakland paid a fine of $10 to Justice Evelyn W. Bliss at Tahoe City on August 5 for having thrown a burning cigarette from an automobile a half a mile south of Carnelian Bay on July 21. Picard was apprehended by Fire Patrolman Charles Arment of Tahoe Camp Fire station.

This is the second offender apprehended by officers within the last ten days. Guy Clearhope of San Francisco was brought before Justice C. E. Smith of Truckee and paid a fine of $5 on July 30 after he had thrown a lighted cigarette from a moving automobile two miles east of Truckee on July 21. Fire Patrolman Nelson Stone was the officer in this case.

District Ranger H. I. Snider said that frosts have made the roadside vegetation dry and inflammable the last two weeks or so and extra precautions should be taken by every one to avoid incipient fires.

LIEUT. NELSON TO BE TRUCKEE RECRUITER

Lieut. Vernon Nelson, of the Bank of America staff, has been designated by President C. B. White of the Truckee Chamber of Commerce to assist men between the ages of 18 and 35 who wish to enlist in the United States army.

This action was taken at the meeting of the chamber held Monday noon at Tony's Coffee Shop, when a letter from George G. Pollock, regional director of the state chamber, was read indicating that an act of Congress has permitted the increasing of the personnel of the regular army from 242,000 to 375,000. The letter asked the local chamber to serve as an agency in securing recruits.

Particulars may be obtained from Lieut. Nelson.

GRAMMAR SCHOOL TO OPEN SEPTEMBER 3rd

Mrs. Dan Smith, clerk of the Truckee grammar school announced this week that school will convene on Tuesday, September 3, immediately following the Labor Day holiday.

Mrs. Smith explained that many inquiries from parents had been made concerning the opening date due to the fact that late vacations have been planned.

The school board is contemplating improvements on the school grounds, particularly where the play equipment is located. Low places will be filled in and dust eliminated as much as is possible if the necessary money is available.

22,000 FISH PLANTED WITHOUT ONE LOSS

Some idea of the loss suffered in transplanting trout may be gleaned from a report by J. C. Lewis, in charge of the state fish hatcheries at Lake Tahoe, who recently completed transplanting 22,000 rainbow to Angora Lake, back of Fallen Leaf.

Lewis said that despite the many handlings, not a single trout was lost.

Financial Aid Promised For Winter Sports

Necessity for Assistance In Projects Pointed Out At Meeting

Financial assistance in purchasing an electrically operated up-ski for the winter sports grounds here has been tentatively promised by the Truckee Public Utility District. The directors meeting Tuesday night agreed to write the attorney for the district to obtain his opinion in this matter as well as supplying much needed funds for the fish rearing program under the auspices of the Sierra Fish Planting Club.

All the directors, C. E. Smith, W. F. Wilkie, Jr., and Ben Tonini, and Manager C. Edmunds seemed willing and anxious to assist in the two projects which constitute the life of the community.

While no definite sum was decided upon for either purpose, it was urged that each be sufficient to permit the development of worthwhile programs assuring success of both ventures.

The report was given the Truckee Outing Club, sponsor of winter sports at a meeting the same night and plans immediately got under way to push the work in event the help is forthcoming.

C. B. White, Laurence Owens and Dick Joseph appeared before the directors to make the application in behalf of the outing club. It was assured that the treasury of the district will not suffer and that the assistance must be considered in the form of community promotion which will naturally increase the revenues of the district to offset the amounts offered.

BOOSTER GROUP TO MEET AT BROCKWAY

The next meeting of the Lake Tahoe-Sierra Association will be held at noon on August 20 at the Brockway Hotel at which time members of the state fish and game commission will be present to discuss fishing conditions in the Lake Tahoe region.

TRUCKEE YOUTHS AT CHURCH ENCAMPMENT

The Christian Adventure Camp at Camp Pahatsi near Soda Springs is being attended by 120 youths, including 11 from Truckee, according to Rev. Grant Keetch, who, with Mrs. Keetch, is managing the camp this week.

From Truckee are Earl and Buddy Pitts, Jeanette Hume, Patsy Boren Alice Waters, Billy Campbell, Buddy Detrick, Mervin Barton, George and John Keetch and Robert Edwards of Lake Tahoe.

Next week the Epworth League Institute enrollment is expected to reach 400.

Mrs. Keetch is conducting a class in pine needle work during the craft periods.

Truckee Man Is Killed in Mishap On S. P. Ditcher

John Scappinello Rites To Be Conducted This Afternoon With Fraternal Order of Eagles Ceremony In I. O. O. F. Hall

Death Monday took one of Truckee's best known residents when John Scappinello succumbed to injuries suffered while working on a Southern Pacific Company ditcher.

On Monday morning Scappinello was working with a crew at Mile Post 199, about half way between Eder and Andover when the accident occurred. He and Roy Caraway, fireman on the ditcher engine, were working on the ground when the order came that they were going in the clear to permit another train to pass. Caraway climbed into the cab to tend his fire. Conductor Leo W. Miller was coming back toward the engine to speak to the victim when Scappinello came rolling over a drawbar, fatally injured. Mitchell thought that he had stumbled coming over the drawhead and went to help him up when he noted blood and asked him what had happened. Scappinello, although fully conscious, did not seem to realize what had hit him. Engineer Lyle Lawrence and Caraway aided the conductor to get the injured man into the caboose and he was rushed to Truckee for medical treatment.

Upon arrival here, Scappinello was rushed to the office of Dr. J. H. Bernard where he was given first aid treatment for a badly crushed chest and abdomen and a deep gash in the left arm. He was then placed in an ambulance and started for a Reno hospital. Between Floriston and Mystic Scappinello told O. Giovannoni, and friend and fellow worker who accompanied him, to have the machine stop and that he was going to die. The injured man maintained his consciousness and reason up to the last, through two hours and thirteen minutes. As the pain increased, he spoke in his native Italian to Giovannoni and E. J. Wilson, another S. P. employe who accompanied the ambulance en route to Reno. He passed away within a few minutes after the vehicle came to a halt and W. H. Laity, the driver, investigated to find if there was any sign of life. Finding none, he turned the ambulance back to Truckee.

A coroner's jury Tuesday evening found that death was caused by some unknown piece of moving equipment.

Scappinello, a veteran of the World War, was 47 years and five months old at the time of his untimely death. He was a naturalized citizen and sergeant at arms of Truckee Post 439, American Legion.

An elaborate funeral service is planned for this afternoon at two. He will be buried after rites conducted by the Truckee Aerie of the Fraternal Order of Eagles in I. O. O. F Hall. Graveside services will be under the charge of the members of the local legion post and 16 members of the Junior Game Patrol will act as a guard of honor during the ceremonies.

The following close personal friends of the deceased contributed toward a floral wrath for the burial: J. Moro, B. Sala, P. Lazzari, A. Cicini, Salvaterra, P. O. Pistoia, F. Kinne, Bob Siri, P. Martini, B. Massagli, Jerry Zunino, C. Smith, A. Esola, A. Armati, A. Polyanich, D. Cabona, A. Roquette, A. Oroz, J. Pettiti, W. M. Englehart, Sr., D. Sala and A. Nieri.

Scappinello is survived by a brother in Italy and a cousin, Pete Tonin, of Berkeley.

NEVADA MINISTER IS SPEAKER ON INDIANS AT LIONS MEETNG

Rev. Floyd Burnett, pastor at Schurz, Nev., gave an enlightening talk on the problems of the American Indian before a meeting of the Truckee Lions Club last night. Himself part Indian, Rev. Burnett has made a deep study of the Indian question and gave a frank talk on the difficult problems of the various tribes.

The speaker said that since the Indians had been taken over by the Department of the Interior they had been used as a pawn for the politicians and while granted citizenship on paper, were still considered charges of the government and were made to feel their position.

There are about 340,000 Indians being cared for by the government at the present time, he said, with the last appropriation fixed at $52,000,000 for the year. He urged that the Indians be given their "freedom" and permitted to live like other citizens with the same advantages of citizenship.

Rev. Burnett was the guest of Rev. Grant Keetch as was Rev. H. E. Buckner, pastor of the Methodist Church at Fairfield and past president of the Lions club of that city.

The Lions will attend the opening of the new Downieville Theater and at the same time hold a joint meeting with the Lions club in that city on August 20.

GATEWAY STREETS IN COUNTY SYSTEM

At the meeting of the board of supervisors this week, a petition to include the streets at Gateway Park, now completed and in excellent condition, in the county road system met with approval. This paves the way for securing FHA loans in the district and culminates months of work and considerable expenditure by R. Joseph, owner o fthe subdivision, in preparing the streets to meet the specifications of the county planning commission.

NATIVE SONS SEEK NEW TRUCKEE PARLOR

Efforts were being made this week to reorganize the Truckee Parlor of the Native Sons of the Golden West, Robert Kohler of Grass Valley, supervising deputy grand president of the order, was here with L. E. Freeman, also of Grass Valley, interviewing local men to determine if reorganization will be favored.

It is pointed out that much of the ritualistic work of the order pertains directly to this area and that a parlor here would gain much from the organization. Further discussions will be held at a later date.

PATROLMAN SPEAKS

Sergeant George Spaulding of the state highway patrol was the guest speaker at the meeting of the Truckee Rotary Club Monday night. Sergeant Spaulding spoke on traffic violations. Patrolmen Ellis McCann and Fowler were also guests of the club.

Other visitors included Bert L. Cooper, Pomona; Thurston Jordan, South Pasadena, and Jewell Hancock and George Robertson, both of Sacramento.

Truckee Rotarians will travel to Loyalton tonight for an inter-city meeting with the Loyalton Rotary Club.

RED CROSS BENEFIT CARD PARTY SOON

TAHOE CITY, Aug. 8— Tahoe branch of the American Red Cross will give a benefit bridge tea on the lawn and terrace of Tahoe Tavern on Tuesday, August 13, at 2 P. M. A small charge for score cards will include entertainment and refreshments. A committee of members, directed by Mrs. A. P. Crist, vice-chairman, is sponsoring the affair. Advance reservations for tables will be appreciated.

Tickets are on sale in Truckee by Chairman C. B. White of the Truckee chapter, and Mrs. Anna Tonini.

THE DEMOCRATS CONCUR

Hiram Johnson must find a glowing satifcation in the Democratic party's anti-war plank.

The Democrats wrote into their 1940 platform a declaration that is in full agreement with the position of Senator Johnson has maintained for two decades—a plank calling for unlimited national defense but adding that American youth shall not be called upon to fight in foriegn lands beyond the Americas.

Incidentally, Senator Johnson's position was given its most recent and most lucid utterance July 2 at the Senate Naval Affairs hearing on William Franklin Knox's appointment as Secretary of Navy:

"The isolationist," Senator Johnson said, "is a man who wants no war and he would not send our military and naval force abroad to have a war, but he is not a man who sticks his head in the sand and is deaf and blind to all that is going on. Not a bit of it. I do not know of anybody, there is not anybody that I know of, exceping the extreme pacificist, who says under no circumstances will he fight, and as an isolationist I would fight at the drop of the hat, if it was necessary to preserve our hemisphere."

SPAIN WANTS CALIFORNIA

Generalissimo Francisco Franco, Spanish dictator, knows what a dictator must do every so often. He must promise something to the people. This dictator also knows his Spaniards—how they love their two-hour siestas, how they love to dream lovely dreams, build their castles in Spain's blue skies. So last week, it being promising time, he promised them California! Maps hinting of Spain's "destiny" were plastered about cities, showing states bordering Mexico as the real property of Spain from olden times—and cunningly stressing California. Wise Francisco! Other dictators have gained cold Norway and Denmark, wet Holland, desert Abyssnia, et cetra and et al. Bleak places compared with California, where it's even sunnier nd lovlier than in Old Spain.

And Francisco has every answer! Historic excuse? Why, Spaniards were living in California before there was any United States! Fifth colmun help? A cinch! Just stir up the Indians—let them take back New York while Spain grabs California! And when is the Generalissimo going to build a fleet and cross the ocean and sieze California? Ah, senor, manana, manana. Now it is siesta time . . . time for building castles in Spain . . . castles of California. Fleet? Cross the ocean? Ah, senor, manana.

READ AND THINK

A people may pefer a free government, but if, from indolence, or carelessness, or cowardice, or want of public spirit, they are unequal to the exertions necessary for preserving it; if they will not figh for it when it is directly attacked; if they can be deluded by the artifices used to cheat them out of it; if by momentary discouragement or temporary panic, or a fit of enthusiasm for an individual, they can be induced to lay their liberties at the feet even of a great man, or trust him with powers which enable him to subvert their institutions; in all cases they are more or less unfit for liberty: and though it may be for their good to have had it even for a short time, they are unlikely long to enjoy it.—John Stuart Mill, English Political Economist, 1806-1873.

Some men are like wheelbarrows—they only go as far as they are pushed.—Albert R. Zacher, Jr., Woodland, Calif.

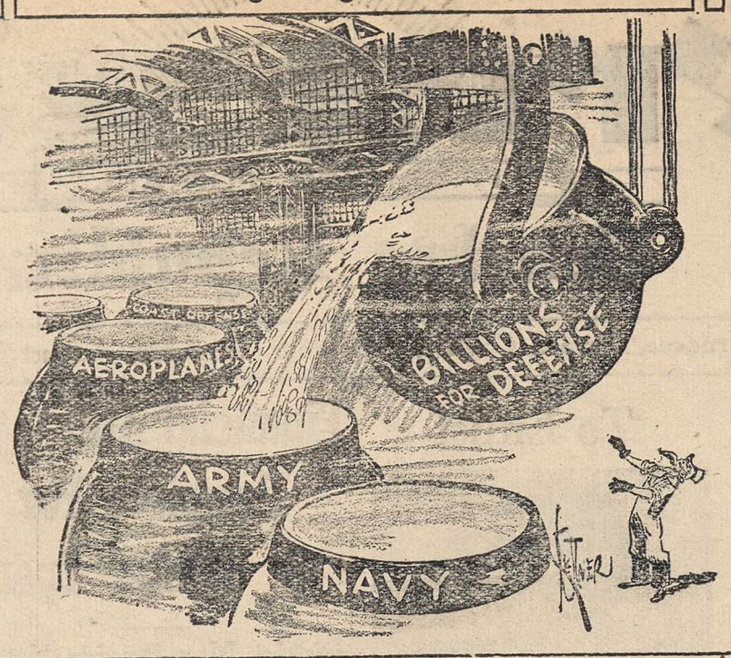
SAFETY FIRST

Almost anyone can install electrical wiring and electrical appartus so that they will work after a fashion. But to install them so that the greatest degree of safety will be assured, that their mechanical perfection will be realized and that the instllaton will be forever free form constant tinkering is another matter.

And that brings up the matter of doing electrical work in a "maybe-or-may-be-not" fashion by yourself or having it done by an expert electrician. Each year the National Board of Fire Underwriters add up thou sands and thousands of dollars, needlessly destroyed by fire through well meaning but incompetent workmanship of amatuer electricians. Is your home, your most valued possession, worth gambling against the few dollars charged by the master electrcian or the chances of fire through amatuerish workmanship?

TRUCKEE PUBLIC UTILITY DISTRICT

Beginning to Flow



Politically Speaking

by JOHN W. DUNLAP
United Press Staff Correspondent

SACRAMENTO, Aug. 8 —(U.P.)— A great many brickbats, deserved and undeserved, have been tossed during the squabble over Governor Olson's latest appointments to the state supreme court.

The situation is unprecedented in California.

It started whe nthe governor pondered his third appointment to the high court. There had been little or no objection to his first two choices, Phil S. Gibson, his former state finance director, and Jesse Carter, state senator who plugged the governor's program in the legislature.

Prof. Max Radin, law professor of the University of California, received the nod from the governor. Immediately ensued a barrage of criticism of Radin for his "left wing tendencies", his comparative inexperience in practical law, his alleged "interference" in a Stockton court case, and other assorted accusations.

The governor bolstered his choice with a sizable list of sponsors for Radin. He was cited as a liberal whose presence would be helpful to the court, a scholarly man with a long background of judicial study and an energetic gentleman generally.

The qualifications commission studied a factual report on Radin by the state bar, emerged with a refusal to sanction the professor for the bench.

Indignant but powerless to change the decision of the commission which includes Attorney General Earl Warren, Presiding Chief Justice Gibson of the supreme court and Presiding Justice John Nourse of the appellate court, Olson made a second appointment from the University of California law faculty—Prof. Roger Traynor.

The commission will rule soon on Traynor but no organized protest is expected for he is relatively unknown although of liberal leanings. Olson took the opportunity of his second appointment to criticize the commission for its unprecedented turndown of Radin, in part as follows:

"It is the governor's job to make the selection. The commission has no duty of selection, except to determine if the nominee has the necessary legal training and proper moral character requisite to the high office."

Warren had a ready reply to the criticism. He said:

"The letter which was made public before it was given to the commission is obviously designed to promote controversy between the governor and the commission, but it will not produce that result.

"The public is not interested in the controversies of public officials. All it asks is that the high standards of the supreme court be maintained. That I am determined to do and each case will be determined on its own merits. This procedure is contemplated by a constitutional provision recently adopted by the overwhelming vote of the people.

In Traynor, Olson named a man whose familiarity with taxation and California statutes is unquestioned. He was called frequently as a consultant b yvarious state agencies and wrote the California sales tax act and the state income tax act.

Traynor also will have the distinction o fbeing the youngest member of the court—if confirmed. He is 40 years of age and has been at the University of California since 1918. He was acting dean of the law school at the time of the appointment. His wife was once a student in his classes.

Olson's insistence upon an academic appointment to the court might indicate he desired more representation of the theoretical study of law to balance the practicing attorney type. He had any number of followers clamoring for the appointment, chiefly politicians—attorneys and judges.

His consistant naming of men without previous judicial experience has been criticised in some quarters by those who believe in the elevation of judges to higher courts. Olson believes that a man's temperament and ability is the chief requisite, that he can acquire the judicial temperament from active work.

With the new cheif justice and two associates on the seven-man court, Olson is approaching the point where his appointees have an important voice in decisions. The members serve for life at a salary of $11,000, with the chief justice receiving $12,000.

Know Your AMERICA

(Ed. Note: This is one of a series of short articles taken from data compiled for scenes of "America! Cavalcade of a Nation", theme spectacle of the 1940 California World's Fair.)

During the eigthteenth century the influence of scientific clubs in the American colonies began to bear fruit. It was in 1765 that the first medical school was opened at the college in Philadelphia. But thousands of victims of yellow fever suffered at this time due to the absence of sanitation and disinfectants. When sick, people turned to Indian herbs and other popular concoctions in their vain efforts to seek relief from disesase and disorders. In ignorance of medical science, these credulous colonists were helpless against epidemics and physical troubles. But medical science had begun its fight and proved its value in the next century.

As a consequence of the new census totals, you can expect a battle to the death over legislative reapportionment at the next session of the Legislature. L. A. County, which now has 30 assemblymen, will demand three more. And S. F., which slipped slightly in population, may lose one of its present assemblymen, unless the bay district boys are fast on the trigger. There's a battle a-brewing.

Maybe you didn't know, but California's gold mining industry is in as much of a panic about Hitler and his future plans as Churchill and the Birtish Isles. Reason: Hitler's threat to deflate the value of gold by institution a system of barter. If that happened, the hydraulics and the big dredges would fold in a hurry.

Water on the wheel of the Economy Bloc, our spy reports, is the latest state finance report, which shows that the treasury deficit during Gov. Olson's regime has risen like a river at flood tide. Economy-minded lawmakers, who voted "NO" on new taxes, are pointing to the all-time-high spending record and asking their audiences what it might have been if they had yielded and opened up new tax sources.

BOATING ASS'N MEN TO OFFICIATE LAKE REGATTA ON SUNDAY

TAHOE CITY, Aug. 8— The Lake Tahoe Yacht Club regatta to be held at Chambers Lodge on Sunday, August 11, will have two officials of the California Inbroad Association assisting club officials in directing the events. They are Gordon Graham, who will official timer, and A. J. McGrete, who will be refree. Both men are from Oakland. The three judges will be chosen from club members who have no entries.

At the last meeting of the organization held at Tahoe Community Center on July 27, members voted to set up photo finish machinery and place metal flags astern of racing contestants to facilitate identification of the craft.

Carl Bechdolt, Jr., will enter his new 160 H. P. Chris Craft, the Elsie B III and will also pilot the Elsie B II in the 100 HP class. The latter boat Bechdolt recently sold to Herb Dana, football exective, who has a home at Emerald Bay.

Members and officers will meet at a business luncheon at Chambers on August 10 to complete last minute details in the program. Commodore R. C. Walker announced an innovation on this year's program which will be a water ski race from Chambers to a nearby point. Entries in this event will likely include names familiar in winter skiing circles such as the Bechdolt brothers, Carl and Bill, Strand Mikkelsen, M. Saunders of Homewood and Pierce Milton, as well as many others.

Rare Printing Is Shown At Tahoe On Anniversary

Sixteen Century Work By Italian Economist Displayed

TAHOE CITY, Aug. 8— Commorating the 500th anniversary of printing, an exhibit of four centuries of books has been loaned to the Tahoe branch of the Placer County Free Library by Dr. and Mrs. George Hinkle of Tahoe City and Mrs. John Burns.

Included in the display are the following rare volumns and editions: the first collected edition of Machiavelli's wrks, bound in vellum, printed in 1550; Sir Henry Wotton's State of Christendom, printed in 1667; Franklin's Observations, printed in 1790; Daniel's Merrie England, 1841, and John Galt's Provost, 1913. Other exhibits are examples of fine printing in the modern decorative manner, interesting specimens of early Californiana and examples of fine printing by Grabhorn Press and John Henry Nash.

Tahoe residents are indeed fortunate in having this splendid exhibit available and should take every advantage of the opportunity to tsudy it. People in communities many times the size of Tahoe City seldom if ever have the chance to view such rare works.

TAHOE SKI LODGE TO BE "HOUSE OF CARDS" AS FUND IS RAISED

by MRS. TEJAS EDWARDS

A card party and a ski lodge? What possible connection could they have—except that one will raise money to build the other?

The Lake Tahoe Ski Club feels there is an urgent need for a ski lodge at Lake Tahoe, where members of the local club, members of the Sacramento branch and all winter sports visitors can feel welcome and at home. A lodge where comfort, rest and warmth are prvided—where sociability and fun are to be enjoyed. A building fund is to be started by giving a card party on Friday, August 9th, at 2 P. M. at the Community Center Hall at Tahoe. Contract and auction bridge and pinochle will be played. Choose the game you like best, gather your friends together, and reserve a table from Mrs. Floyd Carnell of Tahoe City or Mrs. Ellis McCann of Truckee. A prize will be given at each table.

As a special attraction, Mrs. C. A. Swanson will have an exhibit of beautifully colored photographs, done in her wn artistic style, depicting the Seasons at Lake Tahoe.

Hostesses for the occasion will be Mrs. Tejas Edwards, Mrs. Floyd Carnell, Mrs. Sam Goss and Mrs. Albert Henry, Sr.,

STEWART PYLE HEADS HIGH SCHOOL GROUP

TAHOE CITY, Aug. 8— The student body elections at the Tahoe branch of Placer Union High School last week resulted in the choice of Stewart Pyle as president. Other officers elected were Rodney Yeakel, vice-president; Joyce Palmer, secretary and Mary Jane Soll, treasurer.

Initiation ceremonies for the freshman class of Tahoe Lake High School on Tuesday brought forth some strange costumes with big and husky bys attending school dressed in girl's dresses and girls wearing their clothes backwards.

New students at the school this week are Charles and Sophie Cross.

Elections in the Hawaiian Unit Club of the social studies class in the elementary grades put Dennis Moore in the presidency and Shirley Moore was chosen as secretary. This group is making a study of the Hawaiian Islands this term.

Tahoe Smoke Eaters Plan For Formation Of Public Tax District

Fire Department Heads From Nearby Communities Speak

TAHOE CITY, Aug. 8— At the regular monthly meeting of the Tahoe Volunteer Fire Department on last Thursday night, a motion was carried that a fire district be formed and necessary finances be raised by direct taxation. Charles Cross, Norman R. Mayfield and Carl Bechdolt, Sr. were appointed by Acting Chief Albert M. Henry, Jr., to complete the requisite steps toward the formation of the district.

About thirty members and guests were present at the meeting to hear fire department officers from nearby towns discuss departmental finance. Fire Chief N. F. "Tom" Dolley of Truckee, Captain E. Zunino of the Reno department and Assistant Chief H. K. Smith of Redding all discussed the raising of funds for the carrying on the activity of the department and the benefits accruing to the community in the form of reduced insurance rates secured by a properly organized district and department. The insuance phase was discussed in length by Major A. P. Crist.

The next meeting of the Tahoe department wil lbe held the first Thursday in September.

TAHOE CITY, Aug. 8— Constable Harry Johanson of Tahoe Park is investigating the theft of 26 lengths of cper wire which was stolen from the lines of the Sierra Pacific Power Company between Tahoe and Truckee on Thursday night last. Repair crews are working on the line.

Johanson notified nearby police, junk dealers and others to be on the lookout for the stolen line.

TAHOE WOMEN'S CLUB HOLDS BUSY SESSION

Several important items of business were completed at the regular meeting of the Tahoe Women's Club last Thursday at the Community Center. Mrs. Tejas Edwards was elected secretary and also was appointed as publicity chairman for the club.

The advisability of having a regular janitor for the community hall was discussed. As many different organizations use the hall and cleaning is left up to different individuals, the results have not been very satisfactory. The following committee was appointed to interview H. F. Droste, president f the Community Center, in regard to the matter: Mrs. Willis Hevel, Mrs. C. O. Valentine, Mrs. Floyd Carnell and Mrs. C. E. Rogers.

Plans were made for a dessert and bridge party to be held Thursday, August 15, at Tahoe Community Center Hall. Mrs. Bernard Corrigan will be hostess, assitsed by Mrs. J. L. Debenedetti, Miss Regina Cuneo, Mrs. C. F. Prentiss, Mrs. Charles Swanson and Msr. Tejas Edwards.

Miss Helen Towne entertained a party of guests on a camping trip by horseback into the Five Lakes, Gray Horse and Wentworth Springs country last week. Gene Walker guided the party.

THURMAN COMMENDED, ENDORSED FOR SUPPORT OF OLD AGE PENSION ACT

Sixth District Assemblyman Commended by Fraternal Order of Eagles For His Support of Old Age Pension Legislation

The Fraternal Order of Eagles, who sponsored the amendments eliminating the lien clause of the Old Age Pension Act, has endorsed Assemblyman Allen G. Thurman of this district for re-election and in a letter received by the assemblyman during the past week he was commended for his support of the Old Age Pension Act legislation, both at the regular session of 1939 and the special session of 1940. The letter follows:

San Francisco, Calif.,
July 30, 1940.

Hon. Allen G. Thurman.
Church Street
Colfax, California.

Dear Mr. Thurman:

It ake this opportunity as a representative of the Fraternal Order of Eagles appearing before legislative committees, to thank you for your efforts in behalf of old age pension legislation. Our organization is not unmindful of the services rendered by you in behalf of the aged people.

Our organization has interested itself in commending those who have performed public service, and more particularly those who have supported the Old Age Pension Act and its amendments, sponsored by the Fraternal Order of Eagles in the state of California. I assure you that our organization does commend you for your legislative support of the Old Age Pension Act. The local Aeries in your district will make known to their members and the citizens of thei rcommunity the humanitarian work and service rendered by you in the legislature in securing passage of the amended Old Age Pension Act and the two constitutional amendments that will appear upon the November ballot.

It is my hope that you may, through the medium of the press and through the members of our fraternity, as well as the aged people of our state, secure the support to which you are entitled for your untiring efforts and services rendered in behalf of the old people of the state of California. You may rest assured that the Fraternal Order of Eagles is not unmindful of your recent support, and I am sure they recognize the service you have rendered.

With best wishes for your continued success, I remain

Sincerely yours,
WM. B. HORNBLOWER

Big Moment

Secy. of State Hull in this Wide World photo signs for the U. S. important Act of Havana. This agreement of Pan American nations virtually gives the U. S. a blank check to take what steps are deemed necessary in Western Hemisphere defense.

Advertising IS Good News

Specially now, when the world is so full of strife, misery and anxiety, it's good to be able to get the pleasant news that comes in the ads.

About a light-hearted summer turban... sportswear coolly stolen from the men . . . a refreshing hot weather beverage . . .

A pipe that promises a smoke-treat . . . a light straw hat for the steaming brow . . .

The ads are reminders that life can't all be woe . . . reminders to be as normal and comfortable as possible . . . reminders to which you can sensibly respond. For the ads lead you to sound values.
